Dear Admiral Turner,

I much enjoyed briefly meeting you at the Oxford I.I.S.S. conference - it was I who introduced you to General Tony Younger, Director-General of the R.U.S.I. I do hope (as a former Editor of the R.U.S.I) that you will feel able to lecture there before too long.

I take the liberty of enclosing a report of a recent conference. I do so because I happen to know for a fact that you are interested in the subject.

We were much honoured to have you at the I.I.S.S. You will never be short of a sympathetic audience in this country.

With all good wishes,

Yours sincerely,

PH
H

Hugh Hanning.
